Adderley	Canal Bridge	

Forty days after Easter people celebrate the blessing of the Holy Spirit. All over Britain people will be asking for God to bless their communities.

Locally we have set up blessing trails. There are blessing points all over where people can stop and ask God to bless our community.

At each point there is a poster with a prayer to say and a secret letter to add to the trail inside.

The churches have made doves which will be around each point, Please take one home with you and bring it to our Pentecost family service at St Mary's Market Drayton. **June 4th at 5:00pm.**

A full list of all the points is inside. Fill in each letter to find the secret phrase. Find out more at:
